

# The Science of the Soul Healing Workshop

**Be Astonished! Gifted Medical/Psychological Intuitive Lee Lawrence is coming to Columbia to help you learn how to heal yourself at the Soul Level.**

Saturday, October 29, from 12:00 to 4:30 p.m.  
Columbia, Maryland 21044

**Space in his workshop is limited, so please [RSVP](#) as soon as possible!**

## **What You Can Experience:**

Combining his intuitive gifts and lessons from studying religion, psychology and neuroscience, Lee will guide you to an incredible awareness of your soul and its dynamic connection to your body.

With the help of audience volunteers, he will demonstrate techniques he developed that show how foundational soul experiences affect who we are and reveal how consciousness is a physical and tangible field connected to our bodies. With this knowledge, Lee will describe how illnesses manifest and demonstrate how we can take charge and control our own fields and heal ourselves.

## **Some of the Other Topics Lee Will Cover:**

- How and where memories are stored, retrieved and processed.
- The effects on the soul of prayer, fasting, forgiveness, meditation, and yoga.
- How faith healing works, and how psychic abilities work.
- The spiritual development cycle of the human soul.

**Lee offers insight and understanding to whatever spiritual path you have chosen by bridging the gap between science and spirituality with universal truths common to all religions.**

**Workshop Information:** \$40.00 per person. Seating is limited.  
RSVP & Pay: <http://www.thescienceofthesoul.com/columbia-md.html>

**Location:** The Wellness Suite, Suite 100, The Medical Pavilion  
10710 Charter Drive, Columbia, MD 21044.  
*Light refreshments will be provided.*

*“Lee’s workshop was very informative, engaging and involved the audience with on stage demonstrations. We are all very, very impressed with Lee’s knowledge and speaking style and cannot recommend him highly enough.”*

## **Short Bio**

Lee had a successful career in accounting and tax law until 1992 when, in the midst of tax-season chaos, he had a profound spiritual experience that left him with psychic and paranormal abilities. To grow and understand more, he returned to school for a degree in psychology. He also did research in cognitive neuroscience, anatomy, physiology, and religion.
